

Dear FCC,I am sending this e-mail to please ask that you reject the National Association of Broadcaster's petition 04-160. They are asking that XM Satellite Radio not be allowed to provide it's paying subscribers with local traffic and weather. This is an absurd and selfish request. It is appalling that we can be in a war for freedom, for other's less fortunate then Americans, yet the NAB is trying to restrict, and even take away, a piece of our freedom right here in America. XM is giving consumers a choice. Isn't that what American Freedom is all about? Aren't we supposed to have freedom of speech and freedom of choice? XM Radio is offering a service to people, and the NAB would be doing an extreme disservice to people by trying to shut down XM traffic and weather. It is selfish, and it does not have the public's best interest in mind. Thank you for you time and concern.

Sincerely,
Biannca Kellogg
